ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a nouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (A) of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE CHURCH FOR ALL.

Jimmy was so fascinated by his new goldfish that we thought he'd forgotten about the other one. Then, suddenly, he looked up and asked, "Mommy, will this one die too?"

I tried, as gently as I could, to tell him that, in time, all things die. And as I did so, I realized how valuable it is for a child to have even as small a pet as a goldfish. For in observing a pet — even in suffering the loss of one — a child begins to learn a great deal about life, in a natural and understandable way.

But I warned myself, it is important to realize that he is learning only the visual, material part of the lesson. In order to understand what he is seeing, and what he is feeling, he must be taught its spiritual meaning. This is why religious education is so important. That is why Jimmy attends church with us . . . and he'll start church school, next fall.
